Telford Christians Together Newsletter

July/August 2018

Dear Friends,

After a lot of effort on your part, and also from Gillian, the Cinnamon Faith Action Audit for Telford & Wrekin has arrived! You can read the full report on our website www.telfordchristianstogether.co.uk
In summary the report says:

“In Telford, we counted 278 projects, 67,500 beneficiaries, 1,525 volunteer roles and over £1.5 million of financial value being provided by faith groups during 2017”

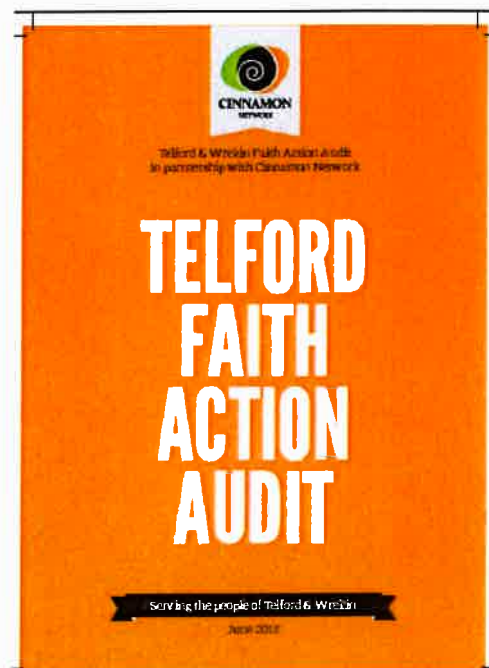

They also counted 141,850 volunteer hours per year as faith groups served their local communities.

I find these figures hugely encouraging. So often as local churches we can be aware of what we aren't doing, or can't do. But when you put us together as THE Church in Telford something else happens. Yes there are areas that the report highlights that we will need to look at, but let's first and foremost celebrate what we are doing!

It reminds us that we are deeply rooted in our local communities and that gives us a place to build on and from. One of our great strengths has always been the places where people from the community can find a welcome, friendship and encouragement. This comes out strongly in the report. However, one of our challenges is that many people in our communities don't realise that. Some think that everything we do is for US. Yet in an age of increasing isolation and loneliness we really have something to offer.

Alongside this we are working at rediscovering how we can appropriately share Jesus, so that people are not pressurised, but they have the opportunity to explore together with us, the wonders of knowing and being known by the most extra-ordinary person in the whole universe.

Wishing you a wonderful summer!
