Witness Easter Voices

Giving us space to discover what Easter truly means to us, Witness gives a short and simple introduction to the events leading up to Jesus' death and resurrection. We hear from the cynics who doubted him, the Roman Governor who didn't find him guilty, Jesus' friend and betrayer Judas Iscariot, Jesus himself and many more.

When life is hard, where does hope come from? When we have no strength left, what help is God? Originally written for partners working with refugees, Finding Hope is used all over the world with people in situations of crisis or personal trauma.

Wildflowers was written together with women and staff from Azalea – a project that supports women caught in sexual exploitation. It will speak especially to those who have experienced chaos, shame, even abuse, and combines Bible text with real-life stories. It is advisable that you pre-read the booklet to ensure it is suitable for purpose as it is a **'specialist mission'** booklet, created for one-to-one use and for trusted relationships, rather than for general distribution. To obtain a sample copy please call Lifewords on 020 7730 2155.
